

Relax as your personal driver leads you through the lush vineyards of Santa Barbara and Santa Ynez wine country. Sip recent vintages at the wineries and picnic or dine among the charming rural landscape. You'll enjoy the scenery from the intimate climate-controlled luxury vehicle of your choice.

You can choose to visit wineries from our preferred list or select your own. The six-hour tour allows ample time to take in the scenery and wine tasting at four to six local wineries. A ten-hour tour also enables you to enjoy a leisurely wine country meal at any of the local restaurants or picnic al fresco on the grounds of one of the wineries.
